**LAW APPLICABLE TO
OIL LAND LOCATION**

The following from the Mining and Scientific Press regarding oil locations and the amount of necessary work before title passes to the locator will prove of value to Nevada oil prospectors:

Oil must be actually discovered by drilling a well and striking oil to validate a placer location applying to oil. Mere oil seepages and surface indications are not sufficient. Of course, the evidence might in an extreme case be sufficiently convincing to justify a discovery without drilling, but the courts have not yet had such a case called to their attention, and it is doubtful if anything but actual drilling and striking oil would satisfy the courts. A locator must proceed diligently with drilling until he makes a discovery. Ordinarily he is protected only to the extent of the ground he actually occupies in his drilling operations, and a rival locator may take peaceable possession of another portion of the same location, in which event it becomes a race between the rivals, and he who first discovers oil becomes entitled to the claim. The locating and patenting of oil claims is provided for by the law applying to placer mining.

**PRINCETON ACQUIRES
\$1,500,000 IN GIFTS**

By Associated Press.

PRINCETON, N. J., June 10.—As a result of a special meeting of the board of trustees of the Princeton university today the institution will acquire about \$1,500,000 in gifts. The bulk of this comes as a renewal of the offer made by William Cooper Proctor of Cincinnati, and brings to an end the controversy over the site of the graduate college.

Mr. Proctor in May, 1909, offered the university \$500,000 on condition that the alumni raise an equal amount, all to go to the graduate college. During the controversy over the site Mr. Proctor's gift was withdrawn.

With the renewal of the gift, the

\$500,000 to be given by the alumni is said to be assured in pledges from prominent alumni. Mrs. Russell Sage, it was announced, has given \$150,000 to add to the dormitories already donated by her and to build a great memorial tower 160 feet high in the northwest part of the campus.

**BULLFROGS GO THROUGH
WITH ANTLERED HERD**

It was a big night in local Elksdom last night, when seventeen new members were initiated into the order. There were nine victims from Rhyolite, and the remaining eight are Goldfield residents. The local candidates were H. C. Hampton, Barney G. Savage, Speed Barnes, Lawrence B. Cassinelli, John Woodbridge, Thomas Hurley, Robert W. Tucker, and J. M. Conlan.

From the southern mining camp there arrived yesterday and were initiated: Miles Milward, E. Pritchard Smith, George Meyers, Jack Aylward, E. S. Wharton, Geo. Thornton, Ralph A. Munger, Harry A. Munger Harry McMahon and W. C. McGarry.

Tonopah lodge No. 1062 was represented last night by a big delegation of Tonopah Elks boosters who came over to participate in the ceremonies.—Goldfield Tribune.

**INFORMATION WANTED
ABOUT RICHARD RYAN**

Richard Ryan is believed to be somewhere in Nevada, possibly in Reno. He has not written home for a long time, but should he send his address to his sister, Mrs. Mary Price, he would learn something to his advantage.

Mr. Ryan's whereabouts are inquired for in a letter sent by his sister to Chief of Police Burke of Reno. She says that a valuable property has been bequeathed to him.

**MEXICO RELEASES
SUSPECTED REBELS**

By Associated Press.
EL PASO, Tex., June 10.—After having been prisoners in the Juarez jail since September, 1908, four Mexicans, thought to have been connected with the revolutionary effort of two years ago, were released from custody today by an order of the federal court.

The men are German Vargos, Porfirio Uranga, Jesus Martinez and Andres C. Telles. While the technical charge against them was conspiracy against the government, they were also believed by the authorities to have attacked and robbed the custom house at Las Pomasas, Chihuahua, near the Sonora dividing line, in June, 1908, a day or so after the revolutionary battle at Las Vacas, near Del Rio, Tex., and this attack was probably

one of the preconcerted movements planned for the revolution.

Three men—Magnon, Villareal and Rivera—are now serving a penitentiary term in the Arizona prison as leaders of the 1908 revolution.

**GOES TO RENO
TO ENTER HOME**

On the morning train yesterday Miss Minnie Stanley was a passenger en route for the Crittenton home at Reno. Several ladies of the city secured her admission to the home, and the commissioners provided the transportation. The woman has been ill for some time and indigent as well.

For neat printing cry the Bonanza job department.

**\$3.50 Recipe Cures
Weak Kidneys, Free**

Relieves Urinary and Kidney Troubles,
Backache, Straining, Swelling, Etc.

Stops Pain in the Bladder, Kidneys and Back.

Wouldn't it be nice within a week or so to begin to say goodbye forever to the scalding, dribbling, straining, or too frequent passages of urine; the forehead and the back-of-the-head aches; the stitches and pains in the back; the growing muscle weakness; spots before the eyes; yellow skin; sluggish bowels; swollen eyelids or ankles; leg cramps; unnatural short breath; sleeplessness and the dependency?

I have a recipe for these troubles that you can depend on, and if you want to make a quick recovery, you ought to write and get a copy of it. Many a doctor would charge you \$2.50 just for writing this prescription, but I have it and will be glad to send it to you entirely free. Just drop me a line like this: Dr. A. S. Robinson, 11296 Luck Building, Detroit, Mich., and I will send it by return mail in a plain envelope. As you will see when you get it, this recipe contains only pure, harmless remedies, but it has a great healing and pain-conquering power. It will quickly show its power once you use it, so I think you had better see what it is without delay. I will send you a copy free—you can use it and cure yourself at home.

The Bonanza's ruling and binding plant is still running. Bring in your orders.
